- Up to 5 apps and 6 agreed workflows
- 30 days of setup support

Optional care **From £149/month**

Included with every setup

Planning, testing, a handover video and one round of in-scope changes.

Scope & payment

Final scope confirmed after reviewing your tools. 50% upfront; 50% after testing and handover.
Software subscriptions and SMS/WhatsApp usage are paid separately by the client.
Custom APIs, AI agents, data migration and unsupported integrations are quoted separately.
Optional care covers scheduled checks, fault fixes and an agreed allowance for small changes.
New workflows cost extra. A workflow is one agreed process from its trigger through its actions.
